Assistant Commissioner John O'Driscoll
Garda National Bureau of Criminal Investigation,
Harcourt Square,
Harcourt Street,
Dublin 2,
D02 DH42.

Re: Recent Suspicious Deaths in Irish Nursing Homes

Dear Assistant Commissioner,

I am writing to you to make a formal complaint regarding the above matter a concerned citizen.

It has been brought to my attention that there has been a sudden and dramatic rise in deaths of nursing home residents since approximately mid-January. Having studied the deaths on RIP.ie data in detail I believe this large number of deaths is suspicious must be investigated by An Garda Siochana. The Taoiseach, Minister for Health, HSE, HIQA, HPRA all TD's and Senators Have been notified of the situation last week but have failed to respond.

The attached graph (page 3) shows 160 deaths from a selection of just 10 of the 572 HIQA registered nursing homes that I studied during the period mentioned above. In comparison there were only a small number of deaths in those same nursing homes during the preceding months. Considering the overall reduction in COVID-19 related deaths, hospitalisations and positive PCR tests for the same period, the dramatic rise in deaths gives me great cause for concern. Please refer to the attached graph on page 4 showing data for COVID-19 key trends.

I am attaching table detailing 97 deaths in five of the Nursing homes that we have studied as follows: -

1. Blackrock Abbey - ACH Nursing Home and Healthcare Ltd. Cockle Hill, Blackrock, Dundalk, Co. Louth, A91 RP76.
2. Carechoice Ballynoe Limited, Whites Cross, Co. Cork, T23 VH39.
3. Beech Park Nursing Home - Dunmurry West Care Homes Ltd, Dunmurry East, Kildare Town, Co. Kildare, R51 PC58
4. Lucan Lodge Nursing Home, Passage Healthcare International (Ireland) Limited, Ardeevin Drive, Lucan , Co. Dublin, K78Y192

5. St. Michael's Nursing Home - Blockstar Ltd., One Hundred Acres East,
Caherconlish, Co. Limerick, V94 E400

I obtained this information from studying RIP.ie death notices and I am attaching copies of 42 Death Records which have been registered in the GRO thus far. One serious point of concern is that I have regarding the causes of death on these death records is that the majority of the deceased suffered from combinations of Alzheimer's, Dementia and Cognitive Disorders and would not have been in a position to protect themselves during a period when their relatives were prevented from visiting them under the COVID-19 restrictions and unable to monitor their care and treatment before the deaths.

I feel a moral obligation to report these suspicious deaths to you and I hereby request a full Garda investigation into the matter. Can you please reply directly to me with the name of a member of An Garda Síochána who you have appointed to lead this investigation and provide a pulse number for the case. I am available to give a statement regarding what I have discovered on the RIP.ie website and to assist you in your investigations.

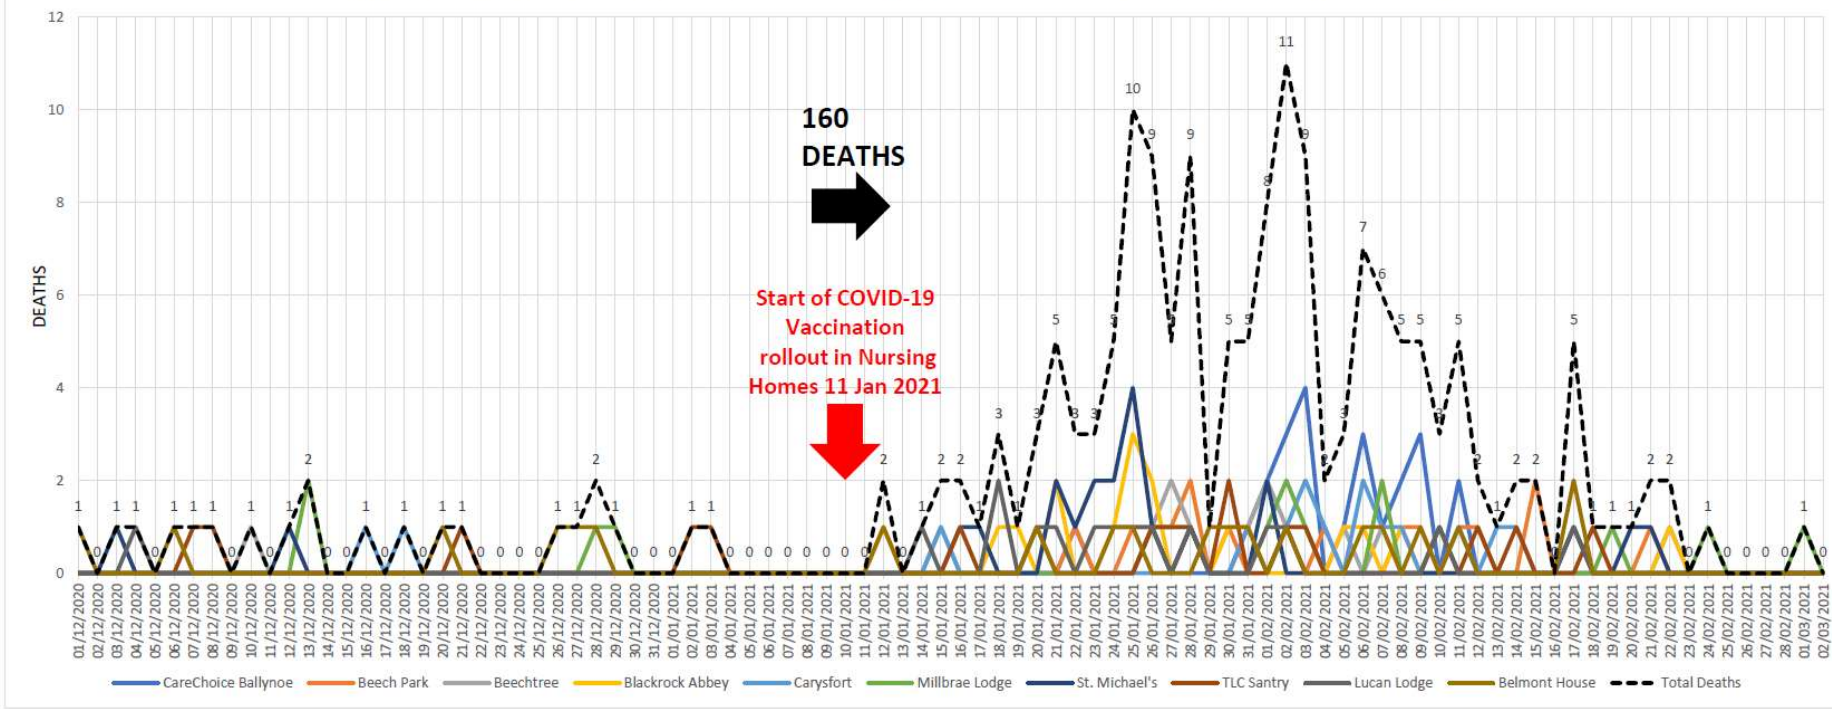

I eagerly await your response to this developing situation which is urgent as similar groups of suspicious deaths are showing up in Nursing Homes on RIP.ie regularly.

Regards

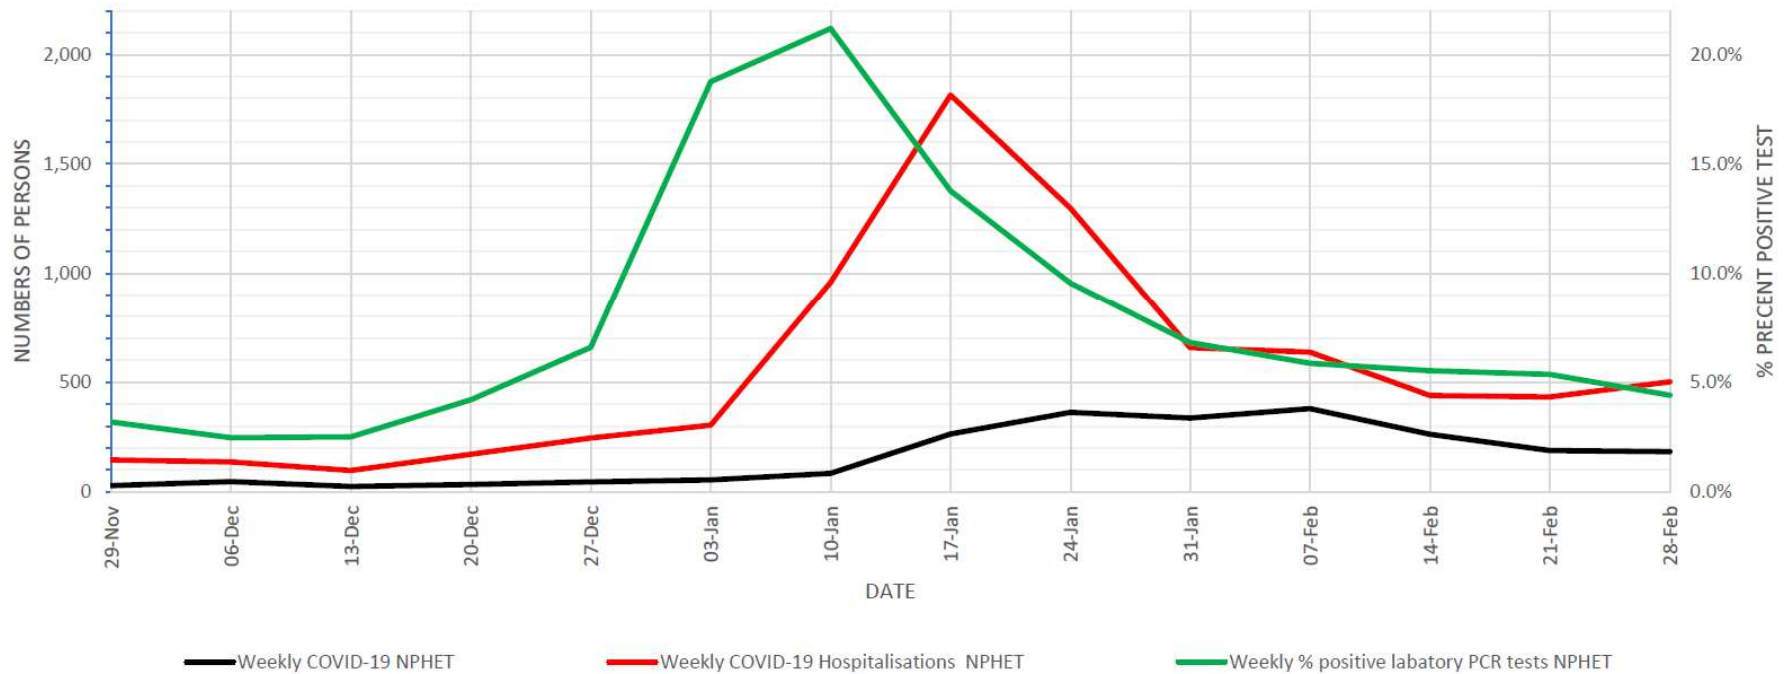

Kieran Morrissey
